

### A Note From Our President: "Connect-Ed"

With this school year well underway, it's appropriate that I share our Hawks Education Fund's mission:

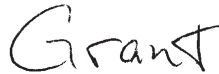

*"We are dedicated to raising funds, through the collaboration of parents, educators and the community, to maintain and enhance the quality of education and the environment of Hidden Hills School."*

Your Hawks Education Fund Board thanks you for your generous 360 Registration Fundraiser contributions. We received commitments for over \$230,000, almost two-thirds of this year's \$360,000 budget. In addition, we have received corporate matching commitments and eScrip proceeds totaling about \$20,000.

I believe it's extremely important that we as parents stay connected with our children's education. Parents need to know what their children are doing at school and to become actively involved in helping facilitate their success.

Engagement in our children's lives means knowing what they are experiencing at school and what issues they face; it means listening and being there for them; it means offering encouragement and helping them develop self confidence. Finally, I believe it means connecting with the PTA and with our Education Fund. Together, we are planting the seeds of tomorrow, so that our children can become happy, well-rounded, and successful individuals.

Join us tomorrow at this year's annual Fall Carnival, our fall fun-raiser, and enjoy the spirit of community that permeates throughout Hidden Hills. It's a fun way to stay Connect-Ed.

Grant Kimura
