

WEB SITES OF THE WEEK  
**IT'S NOT EASY BEING GREEN**

March 21, 2007

Sites compiled by Angie Corritone, Hidden Hills Elementary

**NATIONAL GEOGRAPHIC: EARTH PULSE**

<http://www.nationalgeographic.com/earthpulse/>

Conservation by the experts in environmental issues

**ENVIRONMENTAL EDUCATION FOR KIDS**

<http://www.dnr.state.wi.us/org/caer/ce/eeek/>

Electronic magazine, grades 4-8.

**WHY RECYCLE?**

<http://www.ed1stop.net/TeacherCadre/EarthScience/Recyclingproject/index.html>

Teacher created. Effective movies help all students visualize "Reduce, Reuse, and Recycle."

**HOW CAN I REDUCE MY WASTE?**

<http://www.learner.org/exhibits/garbage/intro.html>

We generate a lot of trash. What should we do with it? Possible solutions, advantages, and disadvantages. By the Annenberg Foundation.

**KIDS RECYCLE**

<http://www.kidsrecycle.org/index.php>

Working toward zero waste – grades K thru 12

**EXPLORATORIUM: GLOBAL CLIMATE CHANGE**

<http://www.exploratorium.edu/climate/index.html>

For all those future environmentalists out there... amazing graphics, charts vocab for older kids.

**ENVIRONMENTAL PROTECTION AGENCY**

<http://www.epa.gov/>

A wide range of quick facts about acid rain, recycling, hazardous waste, etc..

**AMAZON INTERACTIVE**

<http://www.eduweb.com/amazon.html>

"Where is the Amazon?" and other facts and an interesting ecotourism simulation game.

**ENVIRONMENTAL NEWS NETWORK**

<http://www.enn.com/>

Interesting articles like "The New Outdoor Education" and "Robot Salamander May Give Evolution Clues" make you think outside of the box. Probably more useful as a teacher resource, although older students may find topics of interest here for persuasive writing and such.
