TITLE: Women of the Century

AUTHOR: Discovery Education

NOTES:

It is hard to believe how much change we can witness in the time span of just 100 years. This website is straight-forward and well done. Explore it in 3 ways: "Phenomenal Women" (lists), "Decade by Decade" (timeline), or a game called "Note the Quote." Perfect for research or just for inspirational reading. Great for students of all ages.
