

WEB SITE OF THE WEEK

By Angie Corritone, Hidden Hills Elementary

April 9, 2008

TITLE: Make a RotoCopter
AUTHOR: Exploratorium
URL: http://www.exploratorium.edu/science_explorer/roto-copter.html

NOTES: Make your own paper toy that spins like a helicopter! Who says high tech is always best? Step by step directions and historical notes included.

CURRICULUM CONNECTION:

Unfortunately, the links on the site are outdated. Here are the current/correct ones for expanding on the science study:

Leonardo da Vinci Museum of Science:

<http://www.mos.org/leonardo/>

Tie-in with famous scientists/historical perspectives and inventions

Igor I. Sikorsky Historical Archives

<http://www.sikorskyarchives.com/>

More about the fascinating world of helicopters

The Exploratorium Science Explorer Home Page
