

WEB SITE OF THE WEEK

By Angie Corritone, Hidden Hills Elementary

November 7, 2007

TITLE: SCORE - Mathematics
AUTHOR: Kern County school districts
URL: <http://score.kings.k12.ca.us/>

NOTES: This long-standing site is still a valuable resource. Easily overlooked by folks wanting math sites that provide “flash-card” style activities, SCORE’s math page provides links to lesson plans and online projects – all directly correlated to California state standards. Don’t forget about this “oldie but goodie” in your bookmarks! I did encounter some outdated links, but don’t let that stop you from exploring – I found LOTS of other great info! Of course, you can also easily access the other SCORE sites as well:

SCIENCE: <http://scorescience.humboldt.k12.ca.us/>

HISTORY: <http://score.rims.k12.ca.us/>

LANGUAGE: <http://www.sdcoe.k12.ca.us/SCORE/welcome.html>

COOL CLICKS:

- “Lessons” – find a math strand (i.e. number sense), and be led to a list of resources that are divided into grade level and standard.
- Best of SCORE: <http://score.kings.k12.ca.us/bestofscore.htm>
- Numbers in search of a problem:
<http://score.kings.k12.ca.us/junkdrawer.html>
- Real World Math: <http://score.kings.k12.ca.us/real.world.html>
